

BAPTISTS ATTEND FROM PETERSBURG

Shiloh Church Gathering a Yearly Event of Great Interest to the Town.

SESSION OF THE ALDERMEN

Elder Municipal Statesmen Side-track Various Measures From Common Council.

The Times-Dispatch Bureau, 109 North Sycamore Street, Petersburg, Va., September 14. The Petersburg Baptist Association met in Shiloh Baptist Church, Prince George county, to-day in its third annual session. The body consists of twenty-four churches, which until 1906 were part of the Old Portsmouth association, the largest Baptist association in the world. Up to that date the body had grown so large that the churches outside the city were unable to entertain its meetings, and so the middle district withdrew and organized what is now known as the Blackwater Association, separating the upper from the lower district, and the upper district formed the Petersburg association.

The attendance to-day was unusually large. The several officers were re-elected. All the churches reported by letter, and nearly all were represented by messengers. The reports showed marked advancement in contributions to the various missionary and educational enterprises of the denomination.

The total net increase of members during the year was 100. The First Church, Petersburg, reported thirty-five baptisms, closely followed by West End Church, with thirty-two, and the Second Church, twenty-one. The several addresses on education and missions were of a high order.

Automobiles Organized. A meeting of Petersburg automobilists was held at the Chamber of Commerce to-night. An organization was formed, and the following officers elected: President, Joseph W. Seward; Vice-President, Dr. Lewis Pilcher; Secretary and Treasurer, Henry Turner. A constitution and by-laws were adopted. An executive committee was chosen at a later meeting. O. M. Alfriend, secretary of the Richmond Automobile Club, was present, and greatly assisted in the organization.

Council Measures Held Up. The Board of Aldermen at their current meeting, while concurring in many measures and appropriations passed upon by the Common Council last week, turned down, at least temporarily, several matters which came up from the lower branch. The ordinance, for instance, making sweeping amendments to the present law providing for milk and food inspection, was laid over for thirty days for closer examination.

Bakery and places where milk is used for the mixing of soft drinks are made subject to inspection by the amendments. The resolution of the Council, expressing the desire of the body as favor of extensive improvements at the almshouse and changing the name of the institution to "The City Home," was tabled for thirty days. The proposed improvements are estimated to cost \$50,000.

The Board refused to concur in the Council resolution providing for the creation of the offices of Building Inspector and Plumbing Inspector.

An ordinance offered by Mr. Poole that all steam railroad companies operating lines in Petersburg shall be required to maintain automatic gongs at their respective street crossings was referred for report.

Wood for the Indigent. The city is about to contract for 400 or 500 cords of wood for free delivery to the poor during the coming winter. It is said that the lowest bid for furnishing the wood is about \$4.25 per cord, which includes free delivery in small lots to those to be served.

Bids for Removing Rock. Congress at its last regular session appropriated \$50,000 for removing rock in the diversion channel in Chesterfield county, near the Coast Line Railroad bridge, and for other work necessary to complete the diversion plan. It is understood that bids for this work will be opened in Washington on Thursday.

Summons. City Sergeant Evans has completed the work of summoning grand jurors and veniremen for service during the September term of the Hustings Court, which meets on Tuesday, and at which a large criminal docket is to be disposed of. "Dr. J. F. Murphy" is to be tried, charged with horse stealing; Anne Mickle, colored, is to be tried, charged with the murder of
